COURSE DESCRIPTIONS

Advanced Quality Systems Auditor Workshop

Workshop Description

This 2-day workshop includes both a refresher of basics and advanced audit concepts. The course uses a fictitious maintenance organization with approved policy, processes and checklists for the case study to reinforce concepts of quality assurance. Attendees should come with operational concerns and issues and should be prepared to share and discuss these audit difficulties.

- Review the basics
- Preparing for the audit
- Interviews as part of the audit process
- A review of sampling techniques
- Reviewing and documenting findings
- Keeping everyone informed
- Coaching others to complete Corrective Action Plans

Corrective Action Plans Workshop

Workshop description:

This 1-day workshop is intended for individuals who may be required to respond to audit findings by developing corrective action plans. Participants will learn to develop meaningful and appropriate corrective action plans. Content covered in this workshop includes:

- Understanding management system basics as they apply to audit findings
- Understanding the fundamentals of Short Term (corrective) action plans
- Understanding and applying methods for determining the root causes of a finding
- Developing Long Term (preventative) action plans

Quality Assurance Manager Workshop

Workshop description

This 1-day workshop provides a comprehensive overview of the role and responsibilities of the Quality Assurance Manager. Content covered in this workshop includes:

- Quality improvement roles
- Quality management process
- Develop and manage an audit plan
- Manage applicable policies and procedures
- Manage compliance and non-compliance events
- Assess corrective and preventive actions
- Coach operational personnel in the development and implementation of corrective action plans (CAPs)
- Manage records and documents
- Manage QA performance and conformance

Company Aviation Safety Officer Workshop

Workshop Description

This 1-day introductory CASO course is designed to familiarize the candidate to the various roles, responsibilities and duties of a Company Aviation Safety Officer. It meets the requirements of CAR's 705.153, 573.06(8) 302.505, as well as CARs 723.07.
